QUALIFICATIONS

- **M.B.B.S**, 2001.
- **M.Sc.** Public Health and Preventive Medicine, 2006: on Genetic Epidemiology of Diabetes mellitus
- **M.D** Public Health and Preventive Medicine (2010): on Effect of Infection Control on Nosocomial Neonatal septicaemia in Benha Neonatal Intensive Care Units (NICU).

CURRENT POSITION:

- Professor of Public Health and Preventive Medicine in Community, Environmental, and Occupational Medicine Department, Faculty of Medicine, Benha University Hospitals, Egypt.

RELEVANT EXPERIENCE

- **Rotating House Officer:** March 2002 – Feb 2003, Benha University Hospital, Egypt.
- **General Practitioner:** March 2003 – July 2003, MOHP
- **Radiology resident:** July 2003, Benha University Hospital, Egypt
- **Demonstrator of Public Health & Preventive Medicine,** April 2004-March 2007 Faculty of Medicine, Benha University Hospitals.
- **Assistant lecturer of Public Health & Preventive Medicine,** March 2007-Nov 2010 Faculty of Medicine, Benha University Hospitals.
- **Lecturer of Public Health & Preventive Medicine,** Nov 2010 – Dec. 2015, Faculty of Medicine, Benha University Hospitals.
- **Assistant Professor of Public Health & Preventive Medicine,** Dec. 2015– Dec. 2020, Faculty of Medicine, Benha University Hospitals.
- **Professor of Public Health & Preventive Medicine,** Dec. 2020-up to now, Faculty of Medicine, Benha University Hospitals.
- **Acting head of Family Medicine Department,** July 2021- August 2022, Faculty of Medicine, Benha University Hospitals.
- **Head of Public Health Department,** December 2022-up to now, Faculty of Medicine, Benha University Hospitals.

TEACHING EXPERIENCE:

- Teaching Public Health, Environmental and Occupational Medicine, in the Following Scientific Localities:
 - Benha Faculty of Medicine (Egypt).
 - Benha Faculty of Nursing (Egypt).
 - Benha technical institute of health (Egypt).
 - Al-Qassim University (KSA).
 - Northern Border University, (credit hours system) (KSA).
 - Taibah University (Modified Manchester Program, credit hours system), (KSA).

SPECIAL EXPERIENCE:

- Reviewer in supreme council of universities committee for promotion of assistant professors and professors of Public Health.
- Certified trainer (TOT Training February 2022)
- Consultant Public Health & Preventive Medicine according to Egyptian Medical Syndicate.
- Reviewer in Eastern Mediterranean Health Journal by WHO (EMHJ).
- Infection Control specialist/consultant physician in health insurance.
- Special experience in medical statistics by SPSS program.
- Former E-learning coordinator in Community Medicine Department, Benha University.

CONFERENCES AND WORKSHOPS

- Egyptian congress of allergy and immunology, December 2005 and December 2006.
- Internal Quality Assurance System Workshop, 15-17 January 2006.
- Workshop of quality assurance in benha faculty of medicine
- Workshop of student assessment in benha faculty of medicine.
- Workshop of Infection control doctors held in Benha Specialized Paediatric hospital 2010.
- Workshop of Self-Assessment of Higher Education institutions, Egypt, 2010.
- The 2nd meeting of Faculties of Medicine in Egyptian university, Alexandria, Egypt, 2010.
- Workshop of External peer reviewer of Higher Education institutions, Egypt, 2010
- The 26th conference of Egyptian Association of Community Medicine, Egypt, 2011.
- Workshop of Total quality management in medical education, Arar, KSA, 10 October 2011
- Workshop of World Health Day, Arar, KSA, 2013.
- Workshop of Research methodology, Arar, KSA, 2013.
- The 5th conference of student at Northern Border University.
- The 10th national conference of Human Performance in Health & Disability, Egypt, June 2014.
- CARDIO LIPID 2014: as speaker, Egypt, November 2014.
- Evidence Based Public Health Practices, Violence in the Community: as speaker, Egypt, November 2014.

- The 10th Annual Conference of Obstetrics, Gynecology and Infertility diseases: Family Doctors' association in collaboration with Egyptian center for medical sciences, "Woman Health and Better Life", Egypt, December 2014.
- International Symposium of Clinical Microbiology, Egypt, November 2014.
- Workshop of lifestyle behavioural change (understanding the patient and role of health professional), February 2016.
- Blackboard learning management system training held in Taibah University, May 2016.
- Advanced Microsoft Excel training held in Taibah University, January 2017.
- Ithenticate and plagiarism training held in Taibah University, March 2018.
- Post-exam analysis training held in Taibah University, February 2019.
- Testing blueprint training held in Taibah University, February 2019.
- 4 Days International COVID19 Challenge, Online June 2020.
- Understanding SARA-CoV-2 characteristics for better infection control practice, Online June 2020.
- 1st international integrated conference and 9th annual medical conference of Benha Faculty of Medicine. As Chairperson; March 2022.
- 2nd international integrated conference and 10th annual medical conference of Benha Faculty of Medicine. As Chairperson; March 2023

QUALITY ASSURANCE AND ACCREDITATION ACTIVITIES

- Attendance of training sessions for faculty's program Specification and Program reporting.
- Attendance training sessions for course specification.
- Attendance of training sessions for self-evaluation NAQAAE, (5-9 June 2010).
- Attendance of training sessions for external reviewing NAQAAE, (12-16 June 2010).
- Former member of Quality Assurance and Accreditation team in faculty of medicine, Benha University.
- Former member of Quality Assurance and Accreditation team in faculty of medicine, Northern borders University.
- Former member of Quality Assurance and Accreditation team in faculty of medicine, Taibah University.

SOCIETIES MEMBERSHIP

- Member of Egyptian Doctor Union.
- Member of Egyptian Society of Community Medicine
- Member of Society Professional of Infection control (SPIC).

PHD/MSC SUPERVISION

- Assessment of Knowledge and Attitude of Primary Care Providers About Neonatal Jaundice in Primary Health Care Units in Kalubia Governorate: MSc in pediatrics.
- Overweight & Obesity in Egyptian Children: MSc in pediatrics.
- Predictors of Mortality in Ventilated Neonates in Intensive Care Units: MSc in pediatrics.

- Evaluation of health-related quality of life in dialysis patients: MSc in Public Health and Preventive Medicine.
- Violence and Female Sexual Dysfunction in Infertile Women: MSc in OBGY.
- Cohort Analysis of Neonatal Hospital Mortality Rate and Associated Factors in Qalyubiya Governorate: MSc in pediatrics.
- Factors Influencing Self Directed Learning Readiness Among Medical Students at Banha University: MD in Public Health and Preventive Medicine.
- Fetal Cardiac Dimensions Normograms from 14 weeks of Gestation to Term in the Egyptian Population; MD in Radiology
- Outcome of PICU in benha university in last 2 years. MSc in pediatrics.
- Paediatric index of mortality 2 score of patients with chest problems in paediatric Intensive Care Unit as an indicator of efficacy of management and Personal Practice. MSc in pediatrics.
- Application of paediatric index of mortality 2 as a scoring System in predicting outcome in paediatric intensive care unit in Benha university hospital. MSc in pediatrics.
- Root causes of neonatal hyperbilirubinemia in Egypt. MSc in pediatrics.
- Study the Effect of Implementation of a Health Education Program for Bullying Preventive Measures on Self-Esteem and Self-Efficacy of Undergraduate College of Medicine Students, Benha University, An Interventional Study. MD in public Health

PHD/MSC DISCUSSION

- Psychological effect of children with down syndrome on their families in Menofia Governorate-Egypt: MSc in Family Medicine.
- Knowledge, Attitude and Practice of mothers towards post partum care in AL Safasef Health Unit in Damanhour District-Al Behera Governorate: MSc in Family Medicine.
- Varicose Veins and Associated Risk Factors Among women in The Childbearing Period in Benha City, Egypt (Cross-sectional Study): MSc in Family Medicine.
- Effect of Health Education Program about COVID-19 on Knowledge, Attitude and Practice of Benha Health Technical Institute Students: MD in Public Health.
- Intervention program about safety measures for prevention of sudden infant death syndrome among mothers in Al Sharqia Governorate. MD in Family Medicine.
- Effect of health belief model on osteoporosis associated with vitamin D deficiency among obese women. MD in Family Medicine.

Letter of Reference

Dear Dr/ Sherif Mohamed Eltaher;

On behalf of the Management Team at The College of Medicine, Taibah University, we would like to express our gratitude and appreciation to the endless hours of service you have dedicated in shaping and delivering the Modified PBL-based MBBS Program (adapted Manchester Medical School Curriculum) through contributing with the following roles in the program related activities during the academic years 1435/1436, 1436/1437, 1437/1438, 1438/1439, 1439/1440, 1440/1441, 1441/1442 (2014/2015, 2015/2016, 2016/2017, 2017/2018, 2018/2019, 2019/2020 and 2020/2021):

1. Member in the Program Administrative Board.
2. Year lead, Year 5
3. Designing and construction of PEP (personal excellency pathway) Track; 2nd, 3rd and 5th years (scientific poster, review article and research project)
4. PEP-1 Track (personal excellency pathway) coordinator
5. Sharing various theoretical and practical examinations including OSCEs (Objective Structured Clinical Examinations) (exam construction, organization and as an examiner).
6. Sharing in constructing and revising the scientific materials of Public health module; 5th and 6th year
7. Tutoring in the public health module; 5th and 6th years (CBCL, Clinical debrief, tutorials, skill lab)
8. Sharing in construction and revision of the scientific materials of the Evidence Based Medicine track; 2nd, 3rd and 4th years.
9. Tutoring in the PCC (Patient centered consultation) track
10. Sharing as a member in program revision committee
11. Sharing as an administrator of the Program e-platform.
12. Member of Standard Quality Committee for preparation of Program Self Study.

In addition to your extraordinary contributions in teaching Public Health and Community Medicine to students in the College of Medicine.

You have always been a committed, intelligent, punctual, and loyal employee to Taibah University, going about your work with enthusiasm and drive. All involved parties admired your ingenuity in managing the tasks entrusted to you and all your colleagues were impressed with the motivation you showed, even in the face of several obstacles.

Thank you for giving the College of Medicine, Taibah University your best. We hope that you will celebrate this type of success in all your endeavors and our sincere wishes for your future.

EXPERIENCE CERTIFICATE

Name: SHERIF MOHAMED EL-TAHER

Academic Degree: ASSISTANT PROFESSOR

Faculty of Medicine and Applied Medical Sciences, Northern Border University, Kingdom of Saudi Arabia, certifies that the above mentioned, has served the department of Family and Community Medicine from 19/10/1432 to 17/10/1435 Hijri and performed the following tasks:

Teaching Tasks:

1. Community Medicine for fourth year medicine students.
2. Field visit for forth year medical students in ARAR central hospital and primary health care units.
3. Participate in teaching of 2nd, 3rd, 4th and 6th year medicine students.
4. Participate in teaching of PBL.
5. Teaching Applied Biostatistics for Applied Medical Science students.

Academic Tasks:

1. Coordinator for Growth and Development Module.
2. Participate in paper setting and Exams (periodic and final) preparations for Community Medicine.
3. Participate in paper setting and Exams (periodic and final) preparations for Applied Biostatistics.
4. Participate in Coordination for Family Medicine Module.
5. Member of Quality Assurance and Accreditation team.
6. Member of Committee of Medical & Bioethics team in the university.
7. Supervision of students' researches.
8. Member of jury team of students' research in fourth students' conference.

Researches:

- Application of dried blood spot testing for hepatitis C virus RNA amplification (published).
- Risk Factors of Colorectal Cancer: A Case-Control Study (published).
- Screening and diagnosis chronic disease by dry chemistry in Arar city in northern borders region, Saudi Arabia (published).

The outstanding performance, professional ethics and tireless efforts of him in faculty of Medicine and Applied Medical science in northern borders university is highly appreciated. We wish him good luck and best wishes for his future.
