

C V

Dr/Sherifa Abd El Salam Morsy Mostafa

**professor of Histology and cell biology, Benha Faculty of Medicine,
Benha university**

Personal data

Name: Sherifa Abd Elsalam Morsy Saad Mostafa

Department:

- Histology & Cell Biology, Faculty of Medicine

College:

-Faculty of Medicine, Benha university

Academic degree: professor

General specialty: Histology and cell biology.

Specific specialty: cytogenetics.

Language:

English: Excellent Reading, Speaking and Writing

Arabic: Excellent Reading, Speaking and Writing

Email: sherysaad2013@gmail.com

Email (university): sharefah.morsy@fmed.bu.edu.eg

Mobile 1: 01100057592

Mobile 2: 01100057559

Home phone: 0133192130

Qualifications:

1- Professor of histology and cell biology.

2- Assistant professor

2- Ph.D. (Histology & Cytology), Faculty of Medicine, Zagazig University Benha Branch

3-M.Sc. of Histology and Cell Biology Faculty of Medicine, Zagazig University Benha Branch

4-M.B.B.Ch. of medicine & surgery Faculty of Medicine, Zagazig University Benha Branch

Career graduation(positions) in:

Faculty of Medicine, Benha University

- Professor of Histology and cell biology from 2019/10/30 up to date
- Assistant (associate) professor in Histology and cell biology from 2013/3/25 up to 2019/10/29.
- Lecturer, histology and cell biology from 2005/9/26 to 2013/3/24
- Assistant lecturer, histology and cell biology from 1999/10/2 to 2005/9/25
- Demonstrator in histology Department from 1995/11/6 to 1999/10/1 in general medicine department, university hospital from 1995/8/26 to Resident doctor-1995/11/5.
- Doctor in charge of the Ministry of Health from 1995/3/1 to 1995/8/25.
- General Practitioner from 1994/3/1 to 1995/2/28.
- Director of Academic Advising unit from 2021 until now.
- Director of awareness and media committee 4/2021 until now.
- Member of Environmental Affairs Committee, Faculty of Medicine, Benha University 2022-2023.
- Board member quality unit ,Faculty of Medicine, Benha 2004- 2022.
- Member of the executive team in QAAP & PCIQA projects from 2004-2012.
- Member of crises and disasters Committee, Faculty of Medicine, University of Benha 2010.
- Coordinator of the second axis (Teaching and Learning) in the PCIQA project 2008.
- Deputy of Training Committee, Faculty of Medicine, Benha University 2007.

(3) Other universities:

-Associate professor at faculty of applied medical sciences, Taif university Taraba branch from 2011- 2017.

-Assistant professor at the colleges of Breda in Saudi Arabia from 2010-2011.

- Assistant professor at the International Libyan University of Medical Sciences in Benghazi in 2008.

Teaching and Development:

I-Teaching Activity in Faculty of Medicine Benha:

- 1- Histology and cell biology to first-year students.
- 2- Histology and cell biology to second -year students.
- 3- Histology and cell biology to first-year students in the Faculty of Nursing.
- 4- Medical terminology for students of the first and second classes at the Institute of Health Technician Benha.
- 5- Participating in teaching and examination of theoretical and practical courses of histology and cell biology for the students of the first and second years of the Faculty of Medicine.
- 6- Participating in teaching and examinations of theoretical and practical courses of histology and cell biology for postgraduate students in the college.
- 7- Participating in the oral examinations of histology and cell biology for the students of the first and second years in other universities such as the Faculty of Veterinary Medicine and the Faculty of Medicine Manoufia University.
- 8- Supervision of the scientific messages.
- 9- Participating in the establishment of the cytogenetics unit in the department of histology and cell biology.

II-Teaching Activity in faculty of applied medical sciences Taif university- Taraba branch:

- Clinical pathology to the eighth level, department of medical laboratory
- Laboratory devices for the 7th level medical laboratory
- Medical ethics for the sixth level medical laboratory
- Epidemiology for the students of the laboratory department
- Enzymology, department of Medical Laboratory
- Genetic diseases, department of microbiology.
- Medical ethics &forensic medicine, department of microbiology.
- Genetic diseases1, medical biotechnology department.
- Genetic diseases 2, medical biotechnology department.
- Medical Genetics department of Microbiology.

- The fundamentals of anatomy, department of Medical microbiology and Medical biotechnology.
- Introduction to medical sciences for the preparatory year of medical sciences.

III Teaching Activity in other universities:

- Histology & cell biology at the Libyan International University of Medical Sciences Benghazi.
- Histology & cell biology at Colleges of Breda Al - Ahlia in Saudi Arabia.
- Nursing Health Care Course at College of Breda Al-Ahlia.
- Health Care Systems Course at College of Breda Al-Ahlia.
- Fundamentals of anatomy and physiology at the colleges of Breda Al Ahlia.

Other teaching activities:

- 1- Participate in the writing of course specification of histology and cell biology for students of the first and second years.
- 2- Participating in the work of CDs for the scientific content of the students of the first and second years.
- 3- Participate in the preparation of research plans in the department.
- 4- Participate in the preparation of practical and theoretical notes for the students of the first and second years.

Attended Workshops, Symposiums, and Conferences

Name of Workshops, Symposiums, and Conferences	Year
Conferences	
10 th Annual medical conference of faculty of medicine ,strategic planning in medicine2020-2023" GATE TO THE FUTURE" 16 th -17 th March, 2023	2023
Chairperson in 1 st Annual students conference of Benha Faculty Of Medicine, the role of medicine towards better life style	2023
The 1th International integrated conference ,9 th Annual medical conference of Benha Faculty of Medicine ,10 th -11 th March 2022	2022
The 43th Annual conference of Egyptian society of histology & cytology in Ain Shams Faculty of medicine Nanoparticles benefits and hazards 27/12/2018	2018
1 st Benha Faculty Of Medicine Quality Conference (Quality between theory& practice) from 1-3 October 2018.	2018
The 9 th Taif diabetic conference (obesity, diabetes, its complications) from 22-24 March, 2016 at Taif Intercontinental Hotel approved by Saudi Commission for health specialties.	2016
The 39 th international conference of Egyptian society of histology & cytology at tissue culture and molecular biology center (stem cell	2015

unit), Assuit university 17-18 December 2015	
The 33 th Conference of the Egyptian Society of Histology and Cytology ,Manoufia university 31 December 2010	2010
The 32 th Conference of the Egyptian Society of Histology and Cytology,31 December 2009 Mansoura University	2009
The 31 th Conference of the Egyptian Society of Histology and Cytology, Cairo University,27 December 2007	2007
The 30 th Conference of the Egyptian Society of Histology and Cytology, National Research Center, Cairo,28 December 2006.	2006
The 29 th Conference of the Egyptian Society of Histology and Cytology, Ain Shams University,29 December 2005.	2005
The 2nd Annual Scientific Conference, Mansoura University Student Hospital,8 May 2003.	2003
The 22th Conference of the Egyptian Society of Histology and Cytology, Ain Shams University, 14 December 1998.	1998
The 2nd International Conference of Biotechnology, Conferences court, Cairo,18-20 October 1998.	1998
The 19th Conference of the Egyptian Society of Basic Medical Sciences, Misr University for Science and Technology, 6th October City,23 April 1998.	1998
The 21th Conference of the Egyptian Society of Histology and Cytology, Al Azhar University,25December 1997.	1997
The 20th Conference of the Egyptian Society of Histology and Cytology, Ein Shams University,26 December 1996.	1996
The 5th Conference of Benha faculty of Medicine, Zagazig University 9 October 1996.	1996
Workshops	
Attendance a workshop entitled "Preparation and Production of Achievement Tests in Quality Unit", Faculty of Applied Medical Sciences, 19/1/2016 for two days	2016
Attendance a training course on quality culture in the Faculty of Applied Medical Sciences 1 for one day on 23/11/2015.	2015
Attendance a workshop entitled the system of recording lectures Echo 360 Faculty of Applied Medical Sciences on 4/8/1435 for two days	1435
Attendance a workshop entitled: Quality and paper questions at the Faculty of Medical Sciences in soil on 23/6/1435 for one day	1435
Attendance a workshop entitled: Quality of paper of the exam at the Faculty of Medical Sciences ,on 23/6/1435 for one day	
Attendance a workshop entitled Learning Management System Blackboard under the auspices of the University of Taif t, Quality Assurance unit , Faculty of Applied Medical Sciences on 12/3/1435 for two days.	1435
Participate in a workshop entitled diabetes and its way to make some meals suitable for diabetics in the Faculty of Applied Medical Sciences on 23/1/1435	1435

and a duration of two days.	
Attendance a training session entitled advanced power point in the management of development projects training on the technology of the University of Benha on 25/7/2013 for one day.	2013
Attendance the training session titled statistical analysis using SPSS to manage the development projects training in the technology of Benha University on 24/7/2013 for one day.	2013
Attendance of the training role entitled International publication of scientific research project to develop the capacity of members of the faculty and leaders at the University of Benha on 9/7/2013 for a period of 3 days.	2013
Attendance a training course titled Financial and Legal Aspects in the University Work Project for the development of the capacity of the members of the faculty and leadership at the University of Benha on 2/7/2013 for 3 days.	2013
Attendance a training course entitled Self-Assessment and internal review project to develop the capacity of members of the faculty and leadership at the University of Benha on 25/6/2013 for 3 days.	2013
Attendance a training course entitled Literature and Behavior of the profession in the university work project to develop the capacity of the members of the faculty and leadership at the University of Benha on 16/7/2013 for 3 days.	2013
Attendance of the training course entitled learning outcomes for programs and courses Taif University College of Applied Medical Sciences Taraba branch in 1/3/1434 for a day.	2012
Attendance a workshop on Key Performance indicators and reference comparison under the auspices of the University of Taif Intercontinental Hotel in 1/5/2012 for two days.	2012
Attendance a workshop on internal audit of the quality system in the quality unite of the Faculty of Medicine on 22/7/2011 for one day.	2011
Participation and attendance of workshop on competitive projects in faculty of medicine on 4/5/2011 for two days.	2011
Participate in the preparation of a workshop on crises and disasters in quality unit in the College on 2/3/2011 extension of the workshop two days.	2011
Attendance a workshop on how to manage time in quality unit , on 8/9/2010 and for 3 days.	2010
Attendance a workshop on the academic guide system and his role in the faculty ,quality unit ,Faculty of Medicine in 10/11/2010.	2010
Preparation of a workshop on academic standards and how to select them on 29/7/2010 in the quality unit of the Faculty of Medicine, Benha and duration of two days.	2010
Attendance a workshop on the medical biostatistics workshop at Benha Medical College in 18/11/2009 for two days.	2009
Participate in the preparation of a workshop on the credit hours in quality unit in the College on 7/9/2009 and duration of two days.	2009
Attendance the training program in the introduction to PC maintenance and protection under the auspices of the ICT training project on 17/3/2007 for 7 days.	2007

Attendance of the training course in the use of technology in teaching T3 project to develop the capacity of members of the faculty and leaders at the University of Benha on 28/6/2006 for 3 days.	2006
- Attendance of the training program in Excel [105] project development the capacity of members of the faculty and leaders at the University of Benha on 26/6/2006 for a period of 3 days.	2006
Attendance of the training program for word processing, project development of the members of the faculty and leadership at the University of Benha on 22/6/2006 for a period of 3 days.	
Attendance of the training program in the operating system (Windows), project of development of members of the faculty and leadership at the University of Benha on 10/6/2006 for a period of 3 days.	2006
Attending and passed the training workshop under the title of the basic concepts of information technology, which was organized through the ICT training project on July 1, 2006.	2006
Attendance and passed a workshop entitled "Course specification curriculum design" which was held by the Center of Continuing Medical Education, Faculty of Medicine, Benha in April 2006.	2006
Attendance and passed the course on electron microscope organized by the Faculty of Science, Alexandria University from 6 August 1998 to 11 August 1998.	1998
<u>Symposiums</u>	
Attendance a symposium on how to design a curriculum and its description 2010 at the Faculty of Medicine in Benha.	2010
Attendance a symposium on swat analysis in 2009 at the Faculty of Medicine in Benha	2009
Attendance of the scientific symposium held by the Egyptian Society of Tissue and Cell Tissue on "Characteristics of Good Scientific Research" held at Ain Shams University Guest House on 26 March 2009.	2009
Presenting symposium about the incidence of breast cancer and its prevalence in the Faculty of Applied Medical Sciences with soil 1434.	1434

Books published:

- 1) Histology and Cell Biology for medical students (1st year).
- 2) Histology and Cell Biology for medical students (2nd year).
- 3) Practical book for Histology and Cell Biology for medical students (1st year).
- 4) Practical book for Histology and Cell Biology for medical students (2st year).
- 5) MCQS book for students in histology and cell biology (1st & 2nd year)

PhD/MSc Supervision:

1-MSc: Histological study of the Role of Stem cell on experimentally Induced Diabetes Mellitus

2- PhD: histological and immunohistochemical examination of the effect of the non-steroidal antiandrogen (flutamide) on some organs of the male reproductive system in albino rats.

3-MSc: The possible therapeutic effect of adipose derived mesenchymal stem cells and N- Acetyl cysteine on bleomycin induced lung fibrosis in adult male albino rats: histological and immunohistochemical study.

4-PhD: The possible therapeutic effect of stem cell derived microvesicles and silver nanoparticles on healing of induced burned wound induced in rats. Histological and immunohistochemical study.

5-PhD: The possible ameliorating effect of exosomes derived mesenchymal stem cell and α - lipoic acid on cisplatin induced neurotoxicity in cerebral cortex of adult male albino rats: Histological and immunohistochemical study.

6-MSc: Protective effects of quercetin and phytic (myoinositol) of cadmium toxicity on thyroid gland of albino rats.

7-PhD: Panax Ginseng combined with platelet rich plasma ameliorate induced benign prostatic hyperplasia in adult albino rats (Histological and Immunohistochemical study)

Membership of professional bodies (List):

- Member of Egyptian Society of Histology.
- Member of Education Staff Member club, Benha University.

General activities in college & university:

- 1- Medical guidance and health education for students, staff members and administrators in girl's section.
- 2- Academic guidance for students.
- 3- The official and organizer of the campaign of Halac Zayed for diabetes sponsored by the University of Taif, which began on 29/1/1435 and continued for 10 days in the Faculty of Science and Literary College.
- 4- Responsible for the MMR vaccination campaign, which began on 20/4/1434 and continued until 6/5/1434 in both faculties in Taraba

Certificates of Appreciation

Date	Reason	Donor	N
1436-1437	Deputy of medical laboratory	Faculty of applied medical sciences –Taif university –Taraba branch	1
1436-1437	Contribute to the activities of the university and community services	Faculty of applied medical sciences Taif university –Taraba branch	2
1435-1436	Contribute to the activities of the university and community services	Faculty of applied medical sciences Taif university –Taraba branch	3
1434-1435	Participation in non-curricular activities and community service	Faculty of applied medical sciences Taif university –Taraba branch	4
1433-1434	Contribute to the activities of the university and community services	Faculty of applied medical sciences Taif university –Taraba branch	5
